

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING	3
Averchev O.V., Ivaniv M.O., Lavrynenko Iu.O. Variability of productivity structure elements in corn hybrids of different FAO groups and their relationship with grain yield under different irrigation and moisture conditions in the Arid Steppe of Ukraine	3
Bazalii V.V., Boichuk I.V., Larchenko O.V., Teteruk O.V., Bazalii G.G. Identification of varieties and breeding stock of winter wheat by parameters of synchronous stem formation and productivity index	16
Burykina S.I., Kapustina G.A., Yamkova G.A. Spatial variability of heavy metal in southern chernozem within a single field	25
Vasylyshyna O.V. Economic and biological evaluation of mid-ripe cherry varieties	32
Vinyukov A.O., Dudkina A.P. Analysis of the ecological variety testing of spring barley in the arid conditions of the eastern part of the Northern Steppe of Ukraine	37
Hryhoriv Ya.Ya., Klymchuk M.M. Formation of nutrient regime of chernozem podzolic soil in short-rotation crop rotation.....	47
Drozd I.F., Shpek M.P. The Formation of Weight of 1000 seeds of oil flax in the conditions of Precarpathian region	54
Zaiets S.O., Rudik O.L., Onufriy L.I., Fundyrat K.S. Efficiency of winter wheat protection systems in the Steppe zone of Ukraine under irrigation	62
Zymarioieva A.A. Ecological determinants of soybean yield	69
Ivanyshyn O.S. Assimilation area of leaf surface and yield of maize hybrids depending on fertilization in the conditions of Western Forest Steppes	77
Klymyshena R.I. The dependence of the weight of spring barley grains on the effects of foliar nutrition of plants with microfertilizers.....	82
Kovalov M.M., Topolnyi F.P. Formation of green weight of dill of alligator variety under the influence of empreparations in the Northern Seppe of Ukraine	88
Kohut I.M., Valentiuk N.O., Shchetnikova L.A. The formation of productiveness of the sunflower depending on the spacing of the plants in the conditions of the Southern Steppe of Ukraine.....	93
Marchenko T.Yu., Lavrynenko Yu.O. Manifestation and variability of the trait “grain weight from the cob” in lines and hybrids of corn of different genetic plasmas under irrigation.....	99
Masliev S.V., Stepanov V.V., Zinoviy O.B. Influence of basic tillage on the productivity of sunflower in the conditions of Lugansk region.....	111
Matkovska M.V. Influences of growth regulators into formation the yield components of winter barley variety in conditions of Western Forest-Steppe .	116
Melnyk M.V. Economic efficiency of alfalfa cultivation.....	122
Orlenko N.S., Kostenko N.P., Dushar M.B. Formation similar varieties groups of buckwheat (<i>Fagopyrum esculentum</i> Moench), on morphological characteristics	130
Rarok A.V., Rarok V.A. Research of conformities to law of the productivity of different variety of buckwheat is with their economic-valuable signs	136
Sakhnenko V.V., Sakhnenko D.V. Dynamics of the development and reproduction of phytophage insects in winter wheat crops	144
Tkach O.V. Chicory root yield depending on the density of plants.....	150

Tsaruk I.V., Rakhmetov D.B. Typhon is a new plant of multifunctional importance...	157
Chornomorets V.S. Dependence of quality and yield of winter wheat on pre-sowing seed treatment	161
Chuhrii H.A. Evaluation of the effectiveness of growing winter wheat by three technologies: intensive, organo-adaptive and organic	166
Shakaliy S.M., Bahan A.V., Yeshchenko V.M., Senchuk T.Yu. Effectiveness of biological elements of winter wheat production technology in the Forestry zone of Ukraine	174
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	181
Hryhorenko V.L. Evaluation of three-phase and two-phase technologies of pig breeding	181
Karbiivska U.M. Root mass accumulation and its effect on nutrient mode of dark graypodzolic soils during the growing of legume-cereal agrophytocenoses	190
Pankieiev S.P., Liashevska N.S. Feed production and feeding in specialized meat cattle breeding	197
Sobol O.M., Boiko S.S., Lykhovyid T.R. Evaluation of adaptive and working qualities of the different origin horses under the conditions of amateur equestrian institutions	204
Sobol O.M. Variability of morphometric indicators and fecundity of female Central Asian shepherd dogs of different breeding systems aviary cage and apartment keeping	212
MELIORATION AND SOIL FERTILITY	220
Kotniukh M.B., Turak O.Yu. Agro-ecological and agro-economic potential of the high mountain meadows of the Ukrainian Carpathians.....	220
Onopriienko D.M., Tkachuk A.V., Makarova T.K., Liubchenko V.V. Efficiency of agricultural production on irrigated lands using phosphogypsum	226
Trofymenko P.I., Tsuman N.V., Trofimenko N.V. Discrete estimation of emission and assimilation flows carbon dioxide on reclaimed organogenical soils of agro-landscapes of Polissya Ukraine	233
Tsyz O.M., Ivanova T.V., Patyka M.V. Activation of trophic connections in the “substrate-plant” system under the action of biologicals in the recovery of agroecosystems.....	242
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	249
Balabak O.A., Balabak A.V., Vasylenko O.V. The results of the increased recreational load on the territory of the National Dendrological Park of Sofiyivka.....	249
Boiko T.O., Omelianova V.Yu., Dvorna A.V. Environmental-biological characteristics of wood breeds for the creation of a recreation zone in Kalanchak (Kherson region)	256
Ilchenko L.A. Diversity and environmental peculiarities of green spaces in the territory of the Institute of Grain Crops of the National Academy of Agrarian Sciences of Ukraine	262
Onishenko S.A., Almashova V.S., Kovshakova T.S. Ecological assessment of the monitoring of the species composition of regulated harmful organisms and estimation of the threshold of their harmfulness to agricultural products of the Kherson region	270
Smirnov V.M., Babushkina R.O., Matsko P.V. Scientific and organizational principles of working out the project of reclamation of disturbed lands	276
Shchetyna M.A., Vasilenko O.V., Shchetyna S.V. Analysis and assessment of the air pollution level of Vinnytsia region	285
