

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING.....	3
Bondarenko S.V., Stankevych S. V., Zhukova L.V. Immunological characteristics of cucumber breeding material by the resistance to downy mildew.....	3
Hanhur V.V., Kotliar Y.O. The influence of predecessors on the removal and balance of nutrients under winter wheat in crop rotations with a short rotation.....	20
Hospodarenko H.M., Liubych V.V., Prytuliak R.M. Effectiveness of different types and doses of fertilizers in field crop rotation	27
Horshchar V.I., Nazarenko M.M. Mutagen depression under agent with low-damage ability action.....	33
Dymyrov S.H., Sabluk V.T. Increase in the root mass of crops under mycorrhization	41
Dudka O.A., Pavlov O.S. Weed-infested of spring wheat under different farming systems in the Right Bank Forest Steppe of Ukraine.....	48
Dudchenko V.V., Markovska O.Ye. Efficacy of various herbicide application schemes in soybean crops under rice irrigation systems	57
Zelenianska N.M., Samofalov M.O. Influence of the cultivation conditions of grape microclones <i>in vitro</i> on their survival <i>in vivo</i>	64
Kucher I.P., Khomina V.Ya. Formation of the yield of oil flax depending on the variety and seeding rate in the conditions of the Western Forest-Steppe.....	72
Lavrys V.Iu., Kotovska Yu.S. Interior landscaping as an integral part of the design of modern hotel and restaurant complexes.....	77
Melnychenko S.H., Bohadorova L.M. Spatio-temporal trends of seed cultivation in the territory of Ukraine.....	83
Mykulyak I.S., Linska M.I., Karp T. Y., Kozak G.V. Creation of new starting material for the selection of high-product quick maize hybrids, adapted to the conditions of the Western Forest-Steppe of Ukraine	89
Nazarenko M.M., Izhboldin O.O. Winter wheat plant structure mutations caused by dimethylsulfate.....	100
Parlikokoshko M.S., Burykina S.I. Water consumption of chickpeas by feeding systems in arid conditions of the Southern Steppe	110
Polischuk V.O., Zhuravel S.V. Dynamics of the crop rotation link yield under the conditions of using organo-mineral fertilizers in the Polissia area.....	117
Pochkolina S.V., Orekhivskiy V.D., Kryvenko A.I. Field similarity and biometric parameters of winter wheat and winter barley plants depending on sowing dates in the conditions of the Southern Steppe of Ukraine	123
Piasetskyi P.I., Morhun A.V., Liubych V.V. Agrobiological plant parameters of different sorghum hybrids depending on sowing rate.....	132
Sobko M. G., Bondarenko I. M. The dependence of the yield of winter wheat on the time of sowing in the conditions of climate change in the Northeastern Forest Steppe of Ukraine	139

Stankevych S.V., Zabrodina I.V., Nemerytska L.V. Population cycles insects (in space and time).....	147
Stelmakh O.M., Kyforuk I.M., Hryhoriv Ya.Ya., Tuts L.I. The yield of winter canola depends on the level of fertilizer and protection against weeds	159
Furdyga M.M. Creation of early maturing potato breeding material.....	166
Tsentylo L.V., Shylo S.L. The potential of soil moisture in agroecology of winter wheat in the Right Bank Forest-Steppe of Ukraine	179
Yatsenko V.V., Vorobiova N.V. Production processes of tomato crops using absorbent materials in the conditions of the Forest Steppe of Ukraine.....	186
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	192
Anhelska S.L. Comprehensive analysis of the use of modern balancing additives in the diets of beef steers.....	192
Bidenko V.M., Lavryniuk O.O., Borshchenko V.V., Mamchenko V.Iu. The influence of Cu, Zn, Mn trace elements complexonates on the transition of ¹³⁷ CCII ⁹⁰ SR from the ration to the milk of cows.....	199
Yevstafieva Yu.M., Buchkovska V.I. The key to the successful future of animal husbandry in Ukraine is control over the quality and safety of food products	206
Ivanov V.O., Onyshchenko A.O., Zasukha L.V., Maslov V.I., Fomichenko M.O. The use of large-sized packaging of the “Big-Bag” type as a biological reactor for the production of compost and vermiproduction	213
Isko O.Iu., Sychov M.Iu. The influence of different levels of wormwood (<i>Artemisia capillaris</i>) on the productivity of young rabbits.....	219
Kalinka A.K., Lesyk O.B., Boychuk B.T. Innovative achievements of scientists and breeders for Bukoviny farms.....	226
Kalinka A.K. 25-year breeding of a new population of the Bukovyn zonal type of meat comolo simmental livestock in the zone of the Carpathian region of Ukraine	240
Kochuk-Yashchenko O.A., Omelkovych S.P., Kucher D.M., Kozachenko M.M. Features of the exterior and productivity of Holstein and Ukrainian Black-and-White Dairy breeds.....	256
Lysenko H. L., Leppa A. L., Heida I. M. Increasing the functional properties of cream-honey through the enrichment with the pollen of coniferous trees	267
Lykhach V.Ya., Kondratyuk V.M., Lykhach A.V., Lenkov L.H., Barkar Ye.V., Faustov R.V. The influence of the complex feed additive «Gepasorbex» on the fatty-acid and macroelement composition the pig's of meat	274
Pitera V.O., Otchenashko V.V. Water consumption by quail due to the use of yeast extract in their diets	282
Pitera L.V., Otchenashko V.V. Productivity of young quail feeding sunflower protein concentrate.....	290
Prylipko T.M., Koval T.V. Age changes in animal tissues depending on the content of phosphorus compounds in the organism.....	298
Prylipko T.M., Omelkovych S.P. Indicators of electrolyte balance, protein composition and activity of blood serum enzymes aged Duroc and large white pigs.....	305

Sychov M.U., Kondratyuk V.M., Umanets D.P., Holubieva T.A. Slaughter rates of young rabbits at different levels of Zinc in their diet	310
Shcherbatiuk N.V., Shuplyk V.V. Influence of different factors on milk productivity of cows	315
MELIORATION AND SOIL FERTILITY	322
Afanasiev Yu.O. Soil-ecological condition of irrigated lands in perennial plantations under drip irrigation with underground water from local sources in the south of Ukraine	322
Kyrylchuk A.M., Palamarchuk R.P., Shukailo S.P. Current state of phosphorus supply of the soils of the Kherson region	329
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	335
Boiko T.O. Preliminary results of the phytosanitary survey of the condition of green spaces in the city of Skadovsk (Ukraine, Kherson region).....	335
Glebova Yu.A. Expansion of the activities of the state agency of melioration and fisheries of Ukraine	341
Honcharova O.V. Ecologist-physiological parameters of the body of carp in polyculture when stocking the bottom of the Dnieper with viable young.....	348
Dementieva O.I., Lavrys V.Iu. Features of landscaping the adjacent territory in the south of Ukraine.	355
Kuhniuk O.V., Kotsiuruba V.P., Lifer K.O. Consequences of the ecotoxicological impact of lead compounds on the environment and health of Ukrainians	363
Pelykh V.H., Honcharova O.V. Aspects of biochemical analysis in fisheries.....	370
Pysarenko P.V., Samoilik M.S., Dychenko O.Iu., Halytska M.A., Anton M.Iu., Korolkova A.O. Use of probiotic drugs to reduce the phytotoxicity of irrigation water	375
Pysarenko P.V., Samoilik M.S., Dychenko O.Iu., Tsova Yu.A. Influence of probiotic drugs on microbiological and enzymatic activity of soil	384
Romanchuk L.D., Tsipan Yu.R., Hrytsiuk V.V., Myronets M.A. Changes in soil ecosystem services under the influence of anthropogenic factors.	391
Tsova Yu.A. Assessment of the environmental and economic efficiency of cleaning technologically contaminated agrocoenoses as a consequence of military actions	399
Shcherbatiuk N.V. Growing of commodable carp	409
