

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING.....	3
Andrusyk P.R., Tsyuk O.A. Water consumption of soybean depends on the width of the row space and the sowing rate	3
Baklanova T.V., Gamayunova V.V., Sydiakina O.V. Modern trends of sorghum cultivation in Ukraine and the world	9
Vakhovska A.V. Growth, development and yield of lettuce varieties under the action of bio-preparations	18
Havrylenko V.S. Formation of the main structure elements of the hulless spring barley crop depending on the fertilizer	24
Hlupak Z.I., Shapoval V.M. The influence of growth regulators on the formation of sunflower yield in the conditions of the northeastern part of the Forest Steppe of Ukraine	30
Horshchar V.I., Nazarenko M.M. Hereditary changes under the action of a less widespread chemical factor for winter wheat	37
Grabovskyi M.B., Mostypan O.V. Economic assessment of the use of fungicidal and herbicidal protection of soybean varieties of different maturity groups	45
Dovbysh L.L., Mozharivska I.A., Korbut B.O., Boiko I.Yu. The influence of boron-containing fertilisers on soya grain productivity in the Forest-Steppe of Zhytomyr region	53
Dolia N.M., Moroz S.Yu., Opalchuk R.M., Popovych M.V., Mamchur D.O. The rationale for remote monitoring of the phytosanitary condition of field crops in Ukraine	59
Kovshakova T.S., Averchev O.V. The influence of growth stimulants and microelements on the formation of pea nitrogen fixing apparatus in the South of Ukraine	64
Konovalov D.V., Polishchuk V.V. Yield and quality of winter wheat seeds depending on varietal characteristics and elements of cultivation technology	72
Kutsenko O.M., Liashenko V.V., Chaika T.O., Keda L.Yu. Peculiarities of growth, development, and formation of corn hybrids' productivity depending on sowing time	79
Melnychuk T.V., Sendetskyi V.M., Kozina T.V., Voloshchuk M.Yu. The influence of fertilizers and sowing rates on the realization of the biological productivity potential of white mustard in the conditions of Precarpathia	88
Minkin M.V., Minkina G.O. the influence of the tillage system and feeding area on the productivity of winter rape in the conditions of Southern Ukraine	97
Mozharivska I.A., Dovbysh L.L., Hrymashevych V., Hryhorchuk V. Influence of different fertilizer systems on the quality of winter wheat grain	103
Okselenko O.M., Nazarenko M.M., Hulencko O.I. The influence of the effect of epimutagen factor on vitality parameters of winter wheat plants.....	109
Poberezhskyi O.R. Peculiarities of peppermint rust (<i>Puccinia menthae</i> Pers.)	116
Sokolovska I.M., Mashchenko Yu.V. Productivity of short-rotation crop rotations with different soybean saturation depending on the fertilization system.....	123

Stankevych S.V., Matviienko V.M., Zabrodina I.V. Production of plant protection products in Ukraine in 2017–2018.....	135
Stepanenko M.V. Economic evaluation of corn cultivation for bioethanol depending on the fertilizer system	158
Ternavskiy A.H., Shchetyna S.V., Slobodianyk G.Ya., Ketskalo V.V., Zabolotnyi O.I., Butsyk R.M. The productivity of trellis cucumber and economic efficiency depend on the number of hillings of plants in the Forest-Steppe conditions of Ukraine	164
Tyshchenko V.M., Kobylinska O.M., Korzhevsky V.G., Ovcharenko M.A., Vynogradova V.V. Genetic correlations of quantitative traits and selection indices of soft winter wheat varieties and selection lines depending on the phase of forced winter dormancy or its absence	171
Tryhub O.V., Kutsenko O.M., Liashenko V.V., Chaika T.O., Lytovko R.O., Bozhko V.I. The effect of sown areas' treatment with micro-fertilizers on yield and technological parameters of buckwheat varieties	178
Tsyliuryk O.I., Ostapchuk Ya.V. Content of chlorophyll and photosynthetic activity of sunflower under the influence of plant growth regulators in sunflower crops.....	185
Shepel A.V. Productivity of vegetable peas depends on the network of main tillage and food backgrounds in Southern Ukraine.....	195
Shokalo N.S., Svystun I.P. Sunflower yield formation depending on the seeding rate	202
Yurchenko S.O., Bahan A.V., Shakalii S.M., Bahan M.V., Gavrilov D.O. The effect of foliar fertilizing with Oracle microfertilizer on the yield of sweet pepper (<i>Capsicum annuum L.</i>)	208
Yurchenko S.O., Mishchenko O.V., Shakaliy S.M., Katynskiy V.V. Formation of sunflower productivity by different methods of main tillage	215
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	223
Balabanova I.O. Packaging materials and temperature modes – quality and shelf life of finished yogurt	223
Buchkovska V.I., Yevstafieva Yu.M. Effect of feeding of vitamin and mineral supplement on the productivity of young cattle.....	234
Deshchenko O.S., Lykhach A.V. Microclimate parameters boars housing with different types of air ventilation systems during the year	241
Kalynka A.K. Selection and economic assessment of the new population of Bukovyn zonal type meat simmental heifers at different levels of cultivation in conditions of the Bukovyna region.....	252
Kalinka A.K., Lesyk O.B., Tomash L.V. Reproductive capacity and maternal qualities of breeding stock of different breeds of beef cattle in the Carpathian region of Bukovina.....	260
Karpenko O.V., Lisnugin B.O. Evaluation of the quality of quick-frozen semi-finished products according to organoleptic indicators in the conditions of private enterprises of the southern region of Ukraine	269
Liubenko O.I. The effect of vitamin E on egg production of laying hens of the “Novagent brown” cross.....	275

Liuta I.M., Naichuk D.K. Influence of the size of groups of fattening pigs on their growth, development and meat quality.....	282
Pelykh N.L., Ovdiienko K.T., Yuzva Yu.S. Properties and quality indicators of sausage products	291
Prylipko T.M., Koval T.V. Age-related and functional features of the exchange of proteins and nucleic acids and changes in the tissues of the bird's body.....	297
Reznichenko V.I., Lykhach V.Ya. Influence of the type of local heating and its energy saving on the productivity and behaviour of suckling pigs.....	305
Ivanova E.A., Ushakova S.V. Spread production technology	315
Ushakova S.V., Myasnikovich N.A. Slaughter and meat indicators of cattle in the meat direction of productivity.....	320
MELIORATION AND SOIL FERTILITY	326
Trofymenko P.I. Conceptual and methodological principles of management of the emission-assimilation potential of soils in the context of sustainable land use.....	326
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	335
Almashova V.S. Ecological monitoring of quarantine harmful organisms of the Kherson region.....	335
Nahaieva S.P., Chaikovskiy D.V. Study of the influence of anthropogenic load on recreation resources of the Cherkasy region.....	342
Pomanchuk L.D., Kravchuk T.V. The content of heavy metals in amaranth grain during cultivation in Polissya region of Ukraine	348
Taranenko A.O., Taranenko S.V., Bohdarova D.V. Prospects of carbon farming for climate change mitigation	353
PAGE OF A YOUNG SCIENTIST	361
Nikitenko M.P. The effect of multifunctional complex preparations on the photosynthetic potential of seed millet (<i>Panicum miliaceum L.</i>).....	361
