AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING.....	3
Bazaliy V.V., Larchenko O.V. Character of yield formation by wheat varieties of different development types under late sowing conditions	3
Baklanova T.V. Apricots: taste of traditions and challenges of modernity in agriculture of Ukraine and the world.....	10
Vakulenko V.V., Kryvenko A.I., Dzham M.O., Marchenko T.Yu. Influence of varieties and technology of cultivation of winter wheat varieties on the weight of 1000 seeds in the conditions of the Forest-Steppe of Ukraine	19
Havriushenko O.O., Grabko V.V. The impact of green manure crops on the physical-chemical properties of ordinary chernozem in the Northern Steppe of Ukraine	25
Havriushenko O.O., Rudas V.O. Influence of some elements of growing technology on the productivity of maize hybrids in the conditions of the Northern Steppe of Ukraine	30
Hadzalo Ya.M., Vozhehova R.A., Likar Ya.O. Influence of sowing times and plant protection systems on the productivity structure of soybean varieties in the Southern Steppe	36
Horash O.S., Klymyshena R.I. Dependence of spring barley ear productivity by the number of grains parameter on the influence of abiotic and technological factors	42
Zabarna T.A., Bronnikova L.F., Ostapchuk R.V. Influence of mineral nutrition levels on individual productivity and yield of differently maturing maize hybrids	49
Zakharchenko E.F., Adamchyk Ye.V. Features of applying liquid nitrogen fertilisers with the Y-DROP system	60
Kalenska S.M., Ermakova L.M., Svistunov Yu.V., Antal T.V. Economic efficiency of grain corn growing technology depending on the mineral fertilizers rates, plant growth regulators, and hybrids	67
Karashchuk H.V., Ilchuk V.T., Kazanok O.O. The effect of row spacing and nutrition background on the increase in absolutely dry plant biomass and the yield of table pumpkin varieties in Southern Ukraine.....	78
Kaiuda A.V., Shepel A.V. Selection of cover crop mixtures for winter wheat under no-till technology: international approaches and practices.....	87
Kyrylchuk A.M., Bezprozvana I.V., Chukhleb L.I., Daniuk Yu.S., Kulyk T.Ye., Shkliar V.D. Viability of official samples of <i>Zea mays</i> L. during long-term storage. Durability and renewal.....	97
Kobets O.B., Tsentilo L.V. Biological activity of typical chernozem depending on soil cultivation and greenhouses	108
Kovalov S.R. Planting density as a background for selection of soft winter wheat in the Northern Steppe subzone of Ukraine.....	115
Kozak L.A., Grabovskiy M.B., Kachan L.M., Pavlichenko K.V., Nimenko S.S. Effectiveness of plant growth regulator application in corn cultivation for grain under contrasting environmental conditions.....	124
Kravchenko N.V., Hnitetyskiy M.O., Halitskiy V.O. The influence of environmental factors on soybean yield.....	137

Kravchenko V.S., Krykun S.P. Biologically adaptive potential of early-rimming soybean varieties of cultivated Ukrainian and foreign selection in different climatic zones of Ukraine	144
Kryzhanivsky V.G. Economic efficiency of growing chickpeas (grain) in the Right Bank Forest Steppe	152
Kurtiev K.K., Rudik O.L., Shcherbakov V.Ya. Comparative assessment of modern innovative methods of soil cultivation for sunflower.....	158
Likhushyna H.A., Lapko O.B. The influence of sowing dates on the formation of productivity indicators by winter wheat plants.....	167
Markovska O.Ye., Dudchenko V.V., Kryvutskyi R.M. Phytosanitary condition of pea agrocenosis depending on chemical and biological protection systems in the conditions of Southern Ukraine	173
Markovska O.Ye., Dudchenko V.V., Ochkala M.M. Effectiveness of sunflower protection systems against white mould and downy mildew in the conditions of Southern Ukraine	183
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	191
Gaviley O.V., Ryabinina O.V., Adashevskyi O.V. Compound feeds based on confectionery waste for poultry farming.....	191
Golubenko T.L., Tkachenko T.Yu., Glavatsuk V.A. Breeds features as a factor in forming meat productivity of sheep.....	199
Kalinka A.K., Lesyk O.B., Tomash L.V., Prylipko T.M., Chernega I.O. Intensive fattening of bulls of various planned ruminant breeds with feeding of feed from storage facilities in the summer and winter periods in the Pokuttya region.....	214
Kalinka A.K., Lesyk O.B., Tomash L.V., Stadnytska O.I., Korkh I.V. Study of the effectiveness of using new feed mixtures and developed premixes at medium and high levels of cultivation to increase the productivity of a new population of Simmental beef cattle in the conditions of the foothills of the Carpathian region of Bukovina.....	223
Karpenko O.V., Tymoshenko E.O. Assessment of the possibility of turkey meat production in the conditions of private enterprises typical for the southern region of Ukraine	231
