

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING.....	3
Murach O.M., Pivtoraiko V.V., Lipkov V.A. Symbiotic interaction and productivity of Soybean plants under the influence of physiologically active compounds in the Left-Bank Forest-Steppe of Ukraine.....	3
Olifirovych S.Y., Olifirovych V.O., Tomasz L.V. Collection of common bean in the breeding process for the creation of a high-yielding and technological variety ...	13
Ostapchuk V.V., Lyubich V.V. Yield of winter triticale depending on the conditions of nitrogen nutrition and senication in the Right-Bank Forest-Steppe of Ukraine.....	21
Padalko T.O. Influence of macro- and micro-elements on varieties yield and quality of raw material of calendula (<i>Calendula officinalis</i> L.) in the conditions of the Forest-Steppe of Ukraine.....	26
Palamarchuk V.D., Logosha R.V., Krychivskyi V.Yu. Cultivation characteristics and productivity of first-year growth miscanthus as a high-energy crop.....	33
Pohyba V.O. Features of phytophagous insect control using resource-saving technologies for grain crops in field crop rotations in Ukraine	43
Pochkolina S.V., Kohut I.M., Serhieiev L.A., Melnyk O.T., Zhuk M.M. Yield of winter wheat crop depends on agrotechnical measures in arid conditions of Southern Ukraine.....	50
Prytula O.V. Soybean crop productivity using different types of fungicides.....	61
Semenchuk V.H., Gavrylets S.V., Kharabara V.O. Productivity and viral disease incidence in seed potatoes during reproduction with the use of the biopreparation Avatar-2 Protection	67
Solovyov O.V., Sydiakina O.V. Biologization of sunflower cultivation technology: overview of technologies and prospects for their implementation	73
Stankevych S.V., Zabrodina I.V., Melenti V.O. Chronicle of mass propagations of major pests of agricultural crops and forest plantings.....	83
Stelmakh O.M., Melnychuk T.M., Kyforuk I.M., Hryhoriv Ya.Ya., Kurlyanova I.I. The effect of mineral nutrition on the yield and seed quality of winter rapeseed	96
Tkalych Yu.I., Kozechko V.I., Shevchenko S.M., Bondarenko A.S. Seed incrustation as a factor in improving germination and yield of maize and sunflower under conditions of the Steppe zone.....	105
Tomchuk O.M. Formation of the assimilation surface of winter rape depending on the variants of combination of regulating components and fertilization in the conditions of the Right-Bank Forest-Steppe.....	114
Ursal V.V., Khodos T.A. Influence of biological and chemical seed treatments on the formation of spring rapeseed yield under conditions of the Southern Steppe of Ukraine.....	131
Tsytsiura Ya.H., Tkachuk O.P. Influence of nitrogen fertilizer forms on the formation of yield and quality of winter rape seeds.....	138
Chyhryn O.V., Voropai Yu.V., Derkach S.S. Measures to increase the yield of durum spring wheat in the Eastern Forest-Steppe of Ukraine.....	153
Sheidyk K.A. Morphological and varietal characteristics of <i>Nicotiana rustica</i> L. as a basis for breeding and productivity improvement	161

Shelenko D.I., Zaika V.K., Dmytryk P.M., Turak O.Yu., Husak V.V. The effect of microbiological seed treatment and foliar fertilization on quality indicators of maize hybrids	172
Shepel A.V. The impact of mineral fertilization on the economic and energy indicators of sweet pepper cultivation under drip irrigation in Southern Ukraine	181
Shkatula Yu.M., Zabarna T.A., Amons S.E. Efficiency of increasing norms of nitrogen nutrition in realization of winter rape productivity	189
Yatsenko N.V., Vashchenko O.V. justification of transplanting dates for conveyor-type supply of common watermelon fruits in the Right-Bank Forest-Steppe of Ukraine	203

ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS

Liuta I.M. Influence of growth and development indicators of holstein heifers on their reproductive traits	211
Mandryga M.V., Sychov M.Yu. Use of diets with reduced crude protein levels in poultry feeding	220
Ovcharuk V.I., Ovcharuk O.V., Yevstafieva Yu.M. Influence of variety, plant density, harvesting period of feed beet roots on storage in the conditions of the Right-Bank Forest Steppe of Ukraine	227
Pochukalin A.Ye. Ukrainian breeding livestock (rabbit breeding)	235
Sychov M.Yu., Ilchuk I.I., Osadcha Yu.V., Pitera V.O., Vozniuk R.R. Toxic heavy metals in feed	241
Skrypnyk S.V. Influence of probiotic stimulating feeds on the physiological state and winter hardness of bee families	247
Stepanchenko V.M. The quality of legumes and grain forage depending on growing factors under the conditions of the Right Bank Forest-Steppe	259
Khalak V.I., Bordun O.M., Zasukha L.V., Lunyk Yu.M., Ilchenko M.O., Shaferivskyy B.S., Siabro A.S. Reproductive qualities and their level of discreteness in sows of different operational value	267
Chornyi D.O., Razanova O.P. Effectiveness of the use of stimulating feedings in beekeeping	277
Chudak R.A., Razanova O.P., Ohorodnichuk H.M., Razanov O.S. Effectiveness of application of fertilization with complex biologically active supplement during the period of preparation for spring development of honey bees	286
Shylo V.S., Otchenashko V.V. The effect of branched-chain amino acids (BCAAs) on growth rate of young pigs	296

ECOLOGY, ICHTHYOLOGY AND AQUACULTURE

Loshkova Yu.M. Results of carp (<i>Cyprinus carpio</i>) farming using pasture technology in ponds of Southern Ukraine	304
Markov F.F., Zymarioieva A.A., Pitsil A.O., Zymarioiev O.O. The state and adaptive potential of tree plantations in preschool education institutions of the Zhytomyr city territorial community in the context of climate change	309
Matusiak M.V., Bondar A.O., Pankova S.O. Assessment of the anthropogenic impact on the state of the forest park zone in Vinnitsia	319

Mylnikova O.O., Ilchenko L.A., Kozurman N.I. The analysis of the species structure of green spaces on the territory of preschool children's institutions in Dnipro	326
Ovdiuk V.M. Theoretical aspects of the clarias catfish (<i>Clarias gariepinus</i>) as a biological species through the prism of modern research.....	337
Pysarenko P.V., Samoilik M.S., Dychenko O.Yu., Sereda M.S., Zhylin O.S. Integrated corn fertilization system using associated formation water and probiotics	347
Serbov M.H., Zavodnii T.V., Margitay L.H. Impact of climate change on aquatic ecosystems of Ukraine and adaptation strategies for their conservation	355
Sliusar M.V., Kovalchuk I.I., Mamchenko V.Yu., Svitelskyi M.M., Ishchuk O.V. Current status and prospects for the development of crayfish farming in Ukraine using the example of the Australian red-clawed crayfish	364
Sovhira S.V., Yemets Z.V., Fedorchuk I.V. The role of protected areas in biodiversity conservation: international and national experience.....	375
Togachinska O.V., Bubliencko N.O., Salavor O.M., Kotinsky A.V., Parashchenko I.V. Monitoring of waste and discharges by a set of indicators.....	382
Cheliabiiëva V.M., Kostenko I.A., Buialska N.P., Tsybulya S.D., Ivanenko K.M. An assessment of the pollution of rivers within recreational areas of the Chernihiv region	392
