

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING	3
Kurtev K. K. Productivity of sunflower depending on innovative soil tillage systems and cultivation technologies	3
Lozinska T. P., Panchenko T. V. Optimization of spring bread wheat cultivation elements under the agroclimatic conditions of the Forest-Steppe of Ukraine	13
Liubych V. V., Sutyk O. V. Yield and protein content in corn grain under different fertilization methods.....	24
Makarchuk B. M., Gerasko T. V. The influence of sowing local application of biochar, spropel and biohumus on the duration of vegetation phases of spring barley under organic growing technology in the forest-step of Ukraine	31
Markovska O. Ye., Ochkala M. M. Yield of Sunflower Hybrids Depending on Fungicide Protection Systems under the Conditions of Southern Ukraine.....	40
Meshko R. G., Yarchuk I. I. Multicomponent Preparations in Winter Wheat Cultivation	50
Mynkina H. O. Dynamics of growth processes of winter wheat varieties under different nutrition backgrounds and weather conditions of the year in southern Ukraine.....	57
Myroshnychenko D. M., Pikovskyi M. Y. Use of fungicides against black spot in roses	64
Muliarchuk O. I. The influence of variety and plant density on the yield and biochemical composition of vegetable pea grain in the conditions of the Western Forest-Steppe	70
Nebaba K. S., Dynia V. I. Formation of the assimilative surface of pea under the influence of biopreparations in the conditions of the Right-Bank Forest-Steppe of Ukraine	77
Noskov O. S., Horiainova V. V., Stankevych S. V. Monitoring the prevalence and development of major tomato diseases in protected cultivation	85
Khomina V. Ya., Oliynyk Yu. A. Quality indicators of grain in soybean varieties with different maturity groups depending on technological factors	93
Palaziuk B. O., Yurchenko S. O. Economic Efficiency of Biostimulants in Winter Wheat Cultivation Technology in the Left-Bank Forest-Steppe Zone of Ukraine	99
Palamarchuk V. D., Nakhtman E. V. Assessment of the influence of correlative relationships between carrot yield and a complex of economically valuable traits.....	107
Palamarchuk I. I., Prysiashnuk O. V. Formation of eggplange productivity depending on the time of planting seedlings.....	114
Pantsyreva H. V., Pihotskyi V. A. The effectiveness of using biological products in technologies for growing table beet root crops.....	124
Peleh L. V., Onufriychuk O. M. The influence of plant standing density on sunflower productivity	131
Petrenko, S. O., Hrabovetska O. A., Pozdniakov, V. Yu. Effect of Biostimulants and microalgae suspensions on Seed Quality of Coriander (<i>Coriandrum sativum</i> L.)....	138

Piddubna A. M. Assessment of the Ornamental Potential of Vegetable Crops in Landscape Design (Leafy, Fruiting, and Culinary-Aromatic Groups)	146
Pravdyva L. A., Mykhailiuk D. V. Photosynthetic productivity of winter wheat depending on the sowing rates of seeds and biological products in the conditions of the Right-Bank Forest-Steppe of Ukraine.....	153
Revto O. Ya., Goncharov A. V. Yield of Clearfield sunflower hybrids depending on the tillage system and row spacing width	160
Sabluk, V. T., Kozhukhivskyy, R. M. The influence of the bio-preparation Mykofrend on the yield and quality indicators of sunflower seeds	168
Tkalitych Yu. I., Denysenko A. V. Effectiveness of root protection of winter wheat using cultan technology in the Northern Steppe.....	174
Khodos T. A., Ursal V. V. Biological control of major cucumber diseases under protected cultivation	186
Tsyuk Yu. V. The influence of the main tillage on the nutrient regime of chernozem typical for sunflower cultivation	194
Chaiuk O. O., Mykhailyn V. I., Chumak Ye. L. Effectiveness of bioproducts against the development of cotton bollworm in tomato crops in open ground conditions.....	201
Chereshnyuk V. V. Effect of symbiotic activity of bacteria on soybean seed yield	209
Chernyshenko P. V., Vasylenko A. O., Skydan V. O., Shevchenko L. M., Hliantsev A. V. Assessment of soybean breeding material for the level of adaptability to abiotic factors.....	218
Shevchenko N. V. Yield and quality of corn grain depend on fertilization.....	227
Shepel A. V. The effect of irrigation method and row spacing on yield and economic efficiency of muscat pumpkin (<i>cucurbita moschata</i>) cultivation in southern Ukraine.....	236
Shyshkin B. M. Screening of common maize hybrids for resistance to major diseases	245
Shcherbakov O. Yu. The influence of biostimulators from the ‘Zinovii’ group on corn productivity in the Left-bank Forest-steppe region of Ukraine	273
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	281
Lenkov L. H., Lykhach V. Ya., Lykhach A. V., Shaposhnik V. M. Effectiveness from improving approach of disinfecting watter supply systems of fattening pigs and influence on their performance parameter.....	281
Pozniakovskiy Y. V., Kurylenko Y. F., Nedashkivskiy V. M., Tsap S. V. Innovative approaches in animal nutrition based on functional feed components	289
Pochukalin A. Ye. Monitoring of the controlled segment of livestock production under conditions of prolonged martial law	297
Prylipko T. M., Koval T. V. Metabolism, toxicology and physiological functions of selenium in the bird body	305
Slyusar M. V., Mamchenko V. Yu., Kovalchuk I. I., Svitelskyi M. M., Ishchuk O. V. Technology of cultivation of the australian red-claw crayfish (<i>cherax quadricarinatus</i>) in Ukraine.....	312

Shuliar A. L., Shuliar A. L., Tkachuk V. P. Innovations in livestock and aquaculture: future technologies to increase productivity, sustainable development and ensuring animal welfare	320
MELIORATION AND SOIL FERTILITY	331
Drebot O. V., Karas I. F., Khotkova T. M., Khudrik A. P., Khlymenko T. M. The current state of agricultural lands' structure in Ukraine as an example of the community	331
Laslo O. O. Influence of current temperature anomalies on the development of agrometeorological droughts	345
Tkachuk O. P., Kuzemsky V. M. Agrochemical composition of soils with signs of insufficient moisture	353
ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	363
Polishchuk L. M., Nikolova S. O. Algorithms for social services response in man-made emergencies.....	363
Pryimak V. V., Kolesnik R. R., Syrovatka D. A., Kurinenko H. A. Evaluation of commercial indicators of industrial crosses of frame carp obtained by synthetic selection.....	372
Razanov S. F., Aliksieiev O. O., Vradii O., Hermanovych O. M. Fat content in above-ground vegetative mass of energy crops growing on different soils.....	382
Rymaruk P. V., Sirenko A. G. Biotopic distribution and ecological features of Megachilidae (Apoidea, Hymenoptera, Insecta) of the Chyvchyny and Hrynyavy mountain ranges (Ukrainian Carpathians)	394
Savchuk I. M., Kovalova S. P. Accumulation of ¹³⁷ Cs and heavy metals in the products of young bulls due to use of premix in the diets	405
Chupryna Yu. Yu., Holovan L. V., Koliada O. V., Klymenko I. V. Assessment of stress resistance and productivity stability of Triticum genus samples as a source of selectively valuable traits	415
Shcherbyna I. V., Kletskov O. M., Zaporozhchenko V. Yu., Sakhno V. M. Forecasting River Water Contamination Following an Accidental Release of Chlorine-Containing Liquids.....	425
Yamborak R. S., Krachan T. M. Assessment of Lead Migration Levels from Polymer Pipes into Drinking Water via Atomic Absorption Analysis	436
