

CONTENTS

AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING.....	3
Ivashchuk V.P. Economic efficiency of maize cultivation under different mineral nutrition systems and growth stimulants	4
Karachun V.L., Galaguria A.O., Lebedynskiy I.V. Selection by yield potential and economic efficiency of parthenocarpic cucumber hybrids for growing in winter greenhouses	12
Karashchuk G.V. Grain yield of winter durum wheat depending on cultivation practices under natural moisture conditions of the Southern Steppe of Ukraine.....	23
Kyrylchuk A.M., Nychkalyuk H.V., Bezprozvana I.V., Orlenko O.B. Ecological plasticity and stability of annual sunflower in different soil and climatic conditions of Ukraine	35
Kyselov D.O., Kalenska S.M. Tillage timing effects on soil physical properties, water regime, and phytosanitary status in sugar beet short-rotation systems.....	47
Kozina T.V. Influence of agrotechnical factors on the development of leaf area of winter rapeseed for green biomass production in the conditions of the Western Forest-Steppe 55	
Korkhova M.M., Kondrat V.O. Yield of winter wheat varieties depending on seed sowing rates and nutrient background using NO-TILL technology	64
Kravchenko N.V., Bondus R.O., Chetveryk B.M. Physiological and biochemical assessment of heat and drought resistance of potato varieties under abiotic stress conditions	72
Kryvenko A.I., Usov R.M. Substantiation of the effectiveness of pea protection measures against sucking pests in the conditions of the forest-steppe of Ukraine	82
Kryvoruchko L.M., Rybalchenko A.M. Evaluation of peas morphotypes	94
Krukovskiy R.D., Pikovskiy M.Y. Species diversity and distribution of fungi of the genus <i>Diaporthe</i> Nitschke – pathogens of soybean diseases	99
Kulykov S.V. Spread of fungal diseases of sweet corn.....	107
Kurochka N.V., Smulskaya I.V., Khomenko T.M. Characteristics of economic and morphological properties of spring peas (<i>Vicia sativa</i> L.) according to the results of the qualification examination in 2025	114
Liubych V.V., Nevlad V.I. Elements of sunflower productivity depending on fertilizer	122
Markovska O.Ye., Mechet A.O. Yield of maize hybrids as affected by herbicide protection systems and tillage in Southern Ukraine	127
Melnyk A.V., Chervona V.O., Chervonyi Ya.M., Sorokolit Ye.M., Romanko Yu.O. Economic Justification of a Pre-sowing Complex of Measures for Chickpea Cultivation in the Left-Bank Forest-Steppe of Ukraine.....	141
Melnyk T. Iv., Ignatchenko M. V. Morphometric Assessment of the State of a Perennial Plantation of <i>Miscanthus × giganteus</i> in the North-Eastern Forest-Steppe of Ukraine... 149	
Melnychenko V.M. Post-war soil restoration in Ukraine: prospects and challenges	157
Mokrienko V.A. Features of the onset of phenological phases of corn in mono- and binary crops.....	164
Muliarchuk O.I., Myalkovsky R.O., Plahtiy D.P., Parashchuk V.V. Formation of qualitative indicators of corn grain depending on nitrogen and microelement nutrition in the conditions of the Western Forest-Steppe of Ukraine	174

Nebaba K.S. Formation of quality indicators of pea grain depending on cultivation technology elements under the conditions of the right-bank forest-steppe of Ukraine ...	179
Netis I.T., Serhieiev L.A., Kohut I.M., Onufran L.I. The impact of the nature of spring on the production of winter wheat in Odessa region	187
Nosenko V.G. Leaf area index and photosynthetic potential of miscanthus × giganteus depending on fertilization system and potassium humate foliar application in the Forest-Steppe of Ukraine	193
ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS	200
Karatieieva O.I., Kramarenko O.S., Kramarenko S.S. Use of multivariate analysis methods for interbreed differentiation of dairy cattle based on body weight and metric traits	201
Karpenko O.V. Goose farming as one of the reserves for the restoration of small business in the southern region of Ukraine	214
Kropyvka S.Y., Kalyn B.M., Khirivskiy P.R., Momut V.Ya. Impact of climate change on the yield of cereal crops in the Lviv region	222
Luhovyi S.I., Shevchenko P.V. Relationship between gestation length and reproductive performance of sows	231
Nedashkivskiy V.M., Pozniakovskiy Yu.V., Kurylenko Yu.F., Tsap S.V. Precision nutrition in pig and poultry production: modern technologies, challenges, and sustainable production perspectives	241
Novgorodska N.V., Khabinets I.I. Influence of adding selenomethionine in compound feed on slaughter performance and meat productivity of broiler chickens.....	248
Olshanskyi A.I. Apitherapeutic Pyramid (Ukrainian Patent No. UA 160916, Author: Anatolii Olshanskyi): Integration of Honeybee Colonies Into Wellness Apitechnologies and Implementation Within the American Programs "Hives for Heroes" And "Honeybee Programs".....	257
Olshanskyi O.I. Innovative Multifunctional Cage for Rearing, Introducing, and Transporting Queen Bees (Ukrainian Patent No. UA 160776, Author: Oleksandr Olshanskyi): A Technological Breakthrough in Commercial Queen Breeding and Industrial Beekeeping with Practical Implementation in the United States.....	264
Osadcha Yu.V. Multifactorial Nature of the Physiological Aging Process in Dogs: The Role of Water Homeostasis.....	270
Pelikh N.L. Assessment of the growth of repair pigs of different genotypes	279
Pyrozok M.A. Influence of the age at first insemination on the subsequent lactation performance of cows under intensive production technologies.....	286
Pachva A.Ye., Orikhivskiy T.V., Furmanets Y.S., Franchuk I.B. Animal breeding and selection based on milk productivity, reproductive capacity, and the duration of productive use of dairy cows	297
MELIORATION AND SOIL FERTILITY	304
Kushniruk T.M., Dodurych V.V. Use of digital relieve models for quantitative assessment of erosion using photogrammetric means on the example of Podillia.....	305
Ozhovan O.O., Kulidjanov E.V. Features of the acid-alkaline regime and phosphorus state of soils in the Odessa region.....	312

ECOLOGY, ICHTHYOLOGY AND AQUACULTURE	318
Kuzmenko I.S., Dmytrenko O.V., Kovalyova S.P., Basmat V.S., Pogorila L.P. Soil-geomorphological conditions for the formation and preservation of eathern structure of Zmiievi Valy type as an object of cultural and natural heritage of Ukraine	319
Markov F.F., Zymaroieva A.A., Pitsil A.O., Hroshev Ya.A., Zymaroiev O.O. Ecological quality of school green spaces: a case study from Zhytomyr City (northern Ukraine) ...	331
Matkovska S.I., Lavryniuk O.O., Kovalchuk T.I., Trokhymenko V.Z. Current status and prospects for the development of the ornamental aquaculture market in Ukraine and the European Union.....	347
Matusyak M.V., Neyko I.S., Neyko O.V., Yurkiv Z.M. The effect of the intensity of thinning of clonal plantations of common oak (<i>Quercus robur</i> L.) on fruit bearing in the conditions of Vinnytsia region	354
Nedilska U.I. Waste generation and management as a factor of environmental safety ..	363
Shevchenko N.O., Parakhnenko V.G., Honcharuk V.V. Microplastics in freshwater ecosystems: sources, distribution, and impacts on food chains.	371
Pryshchepa A.M., Yaroshchuk O.V. Moisture dynamics as an indicator of soil structural changes following the application of lime-flocculated sludge from the Rivne NPP	378
