

CONTENTS

| | |
|--|-----|
| AGRICULTURE, CROP PRODUCTION, VEGETABLE AND MELON GROWING | 3 |
| Osyпова L.S., Koliada V.P., Khalin S.F., Bubnikovych A.V. Comparison of productive characteristics of tomato hybrids grown in greenhouse soil conditions in the Kyivska region..... | 3 |
| Osipov M.Yu., Polishchuk V.V. Modification of the nutrient medium to optimize rhizogenesis in <i>Hydrangea</i> in vitro..... | 14 |
| Ostapchuk V.V., Kravchenko V.S., Sichkar A.O., Rohalskyi. S.V. The productivity of the winter wheat root system against the background of fertilizer application during sowing and depending on the precursor..... | 20 |
| Panfilova A.V., Koshkin D.L. Methodology for the Selection of Global Meteorological Products in Agrometeorological Support of Crop Production..... | 28 |
| Petrov S.P., Horiainova V.V., Stankevych S.V. Prevalence and Harmfulness of <i>Alternaria</i> Leaf Spot and Downy Mildew of Soybean..... | 38 |
| Pykalo S.V., Yurchenko T.V., Piryh A.V., Kharchenko M.V. Screening of winter bread wheat cultivars for resistance to abiotic stressors at the early stages of plant development..... | 45 |
| Pidluzhny E.G., Onychko V.I., Chernobai L.M., Pylypenko V.S., Shevchenko O.L. Comparative agroecological characterization of new winter wheat varieties by productivity and resistance to biotic factors..... | 57 |
| Polishchuk O.S. Agroclimatic basis and features of soybean growing in the Western Polissia zone..... | 67 |
| Semenenko S.V., Kuts O.V., Semenenko I.I., Rozhkov A.O., Koveria R.A. Microbial preparations in the optimization of carrot nutrition..... | 74 |
| Skrylnyk Ie.V., Popirny M.A., Krylach S.I., Kutova A.M. The Influence of Fertilization Systems on the Distribution of Colloidal Particles of Humic Acids in the Organic Matter of Sod-Podzolic Soil..... | 82 |
| Tao Wei, Bakumenko O.M., Vlasenko V.A. Crop Cultivation Under Simulated Controlled Conditions: Research Priorities and System Integration Challenges (Analytical Review)..... | 91 |
| Tatarynova V.I., Demenko V.M., Yemets O.M., Burdulaniuk A.O., Pivtorayko V.V. Monitoring the resistance of potato cultivars to major pathogens..... | 103 |
| Tykhun O.O., Bezykonnyi P.V., Tarasiuk V.A. Agroecological assessment of the influence of soil tillage and crop care systems on weed infestation of sunflower crops under the conditions of the western Forest-Steppe of Ukraine..... | 112 |
| Tkach O.V., Khomovyi M.M., Tymchuk S.S., Tymchuk S.S. Characteristics of the Application of the NO-TILL System in Precision Farming in the Western Forest-Steppe Region..... | 120 |
| Kharus S.A. Sowing quality of seeds and morphometric indicators of plants of common bicolor sorghum (<i>Sorghum Bicolor</i> L.)..... | 129 |
| Khodos T.A. Environmental advantages of the biological method of plant protection in the integrated pest management system..... | 137 |
| Tslyiuryk O.I., Hotvyans'ka A.S., Tyshchenko V.O., Boychuk A.O., Mishchenko M.H. Effectiveness of growth stimulators and micro-fertilizers in corn and sunflower crop plants of the Northern Steppe of Ukraine..... | 145 |

| | |
|---|------------|
| Tsytsiura Y.G. The role of growth regulation in combined fertilization systems in forming stem wall thickness of winter rapeseed hybrids..... | 154 |
| Shakalii S. M., Marinich L. G., Laslo O.O. Formation of economic-valuable traits of oats depends on the influence of the variety and sowing rate | 166 |
| Shevchenko I.V., Mynkina G.O. The state of viticulture in Ukraine and prospects for its development | 174 |
| Shepel A.V. Rational Use of Water and Energy Resources by Butternut Squash Crops in the South of Ukraine | 181 |
| Shkatula Yu.M., Pelekh L.V., Drozda O.V. The influence of soil cultivation and seed bacterization on soybean yield..... | 190 |
| Yurkevych Ye.O., Drobit O.S., Valentiuk N.O. Research on the influence of agrotechnical methods on the formation of pea yield in Southern Ukraine | 197 |
| Yatsenko V. V., Horbenko V. S. Formation of the nodulation apparatus and nitrogen-fixing capacity of soybean under different tillage intensities | 205 |
| ANIMAL HUSBANDRY, FEED PRODUCTION, STORAGE AND PROCESSING OF AGRICULTURAL PRODUCTS | 213 |
| Pochukalin A.Ye. Breed structure of rabbits in the controlled part of the population in temporal dynamics | 213 |
| Prylipko T.M., Betlinska T.V. Indicators of milk productivity and the morpho-biochemical composition of the blood of cows, with the inclusion of probiotic feed additives in the compound feed for the prevention of acidosis of the rumen | 223 |
| Sychov M.Yu., Khodakivskiy I.O. Functional nutrition of calves during the milk-feeding period..... | 229 |
| Skoromna O.I., Golubenko T.L., Razanova O.P. Innovative approaches to feed analysis in milk production..... | 240 |
| Tkachenko T.Iu. The effect of the drug "Arkvadez Plus" on egg quality indicators during incubation and the growth intensity of broiler chickens | 255 |
| Torinyak A.Y. Analysis of modern scientific approaches and practical experience in the field of increasing pig productivity | 269 |
| Umanets D. Effectiveness of Probiotic Supplementation in Rabbit Production..... | 276 |
| Umanets R. Impact of Nutraceuticals on Rabbit Performance and Health Status..... | 285 |
| Tsvihun A.T., Linyk I.O., Kudryk N.A., Yakovchuk V.S., Tymofiishyn I.I., Yakovchuk G.O., Ponko L.P. Use of the therapeutic and preventive preparation «Probiol» in the rearing of crossbred lambs during the sucking period | 296 |
| Chepil L.V. Physiological Status and Enzymatic Activity in the Blood of Broiler Chickens Supplemented with Zinc Complex Compounds..... | 305 |
| Chepok R.V. Chordal–radial type honey extractor: constructive and technological solutions for modern apiaries | 310 |
| Chernyuk S. V., Kryzhak M. S. Enhancing aerobic stability of corn silage with Lactobacillus | 317 |
| Shelest I., Muzyka L., Romaniv L. Evaluation of the influence of hereditary factors on the productivity of Ukrainian Black-and-White dairy cows under the conditions of a modern reproduction model | 324 |

| | |
|--|-----|
| MELIORATION AND SOIL FERTILITY | 331 |
| Pankova S.O. Impact of Shelterbelts on Soil Fertility Preservation..... | 331 |
| Solokha M.O., Vynokurova N.V., Sementsova K.O. Assessment of the impact of military actions on the state of the granulometric composition of soils in the northern Forest-Step of Kharkiv region | 337 |
| ECOLOGY, ICHTHYOLOGY AND AQUACULTURE | 346 |
| Prokopenko N.V. Comprehensive development of the function of urban parks | 346 |
| Razanov S.F., Teslia D.M. Content of heavy metals and trace elements in the tissues of domestic poultry under backyard and industrial rearing conditions | 353 |
| Sytnyk S.A., Holoborodko K.K., Lovynska V.M. Influence of <i>Cameraria ohridella</i> Deschka & Dimić, 1986 on the Chemical Profile of Leaves of <i>Aesculus flava</i> Aiton and <i>Aesculus pavia</i> L. in an Urbanized Environment..... | 362 |
| Stashuk M.O. Ecological Consequences of Landscape Fragmentation in Areas Affected by Drainage Infrastructure: A Spatial Analysis of the Rivne Region.. | 369 |
| Tybinka A.R. Effects of microalgae on antioxidant defense and hematological parameters in one-year-old carp (<i>Cyprinus carpio</i> Linnaeus, 1758) | 375 |
| Timchenko O.I. Morphological characteristics of hybrids of white and spotted thick-lip fish | 383 |
| Fokin A.V., Bondareva L.M. Modeling the spread of invasive arthropod populations in industrial urban ecosystems | 391 |
